Update of the ACMC Near Term Motorcycle Safety Efforts:

Beta Test Motorcycle “Club-like” Facility at MCB, CamLej

Background

- Sept 2009, CMC(SD) attended a motorcycle safety update meeting with General Amos in which he tasked MCB, CamLej to establish a “beta test” motorcycle club facility operated and staffed by qualified motorcycle maintenance and operations personnel.
- Facility is to include meeting and maintenance spaces

Club “Meeting Place”

- Motorcycle Club Facility identified adjacent to MSF Range
  - 25'x60' re-locatable facility
  - Classroom easily transformed into a lounge-like facility and re-converted back to a classroom
  - Equipment currently available or under installation:
    - 3 Televisions (large center mounted & two smaller side mounted) along with projection equipment
    - 30 computer terminals (all network enabled)
    - DVD/Video, Multi-media Podium, “Smart Board” and Surround Sound System

MCIEAST Goals

- Install carpet, motorcycle posters, couches, chairs, lamps, large TV and sound system in Motorcycle Club Facility; provide means to conduct simple maintenance at the facility
- Dedicate 1-2 additional portable lifts for motorcycles; purchase additional motorcycle tools

Maintenance Spaces

- MCB, CamLej Auto Hobby Shop (AHS) has in place:
  - Three Certified motorcycle mechanics
  - One bay with lift dedicated for motorcycles
  - Motorcycle-specific tools, fluids, filters etc
- AHS offers quarterly Basic Motorcycle Maintenance Classes covering:
  - engine oil and filter, air filter, spark plugs, final drive, brakes, clutch, cooling system, throttle, suspension, tires, etc
- Motorcycle throughput at this facility is 1-2 per day
